

GREEN PORTFOLIO SMART INDEX FUND

31st March 2021

FUND OBJECTIVE

BSE Sensex being a weighted stock market index, consist of 30 stocks from Paints to Banking stocks. Historically, one-third of the stocks underperform whereas the others outperform the Index. The objective of our Index Fund is to carefully select and allocate funds to 15-20 stocks from the index. It is essential for these meticulously selected companies to exhibit a high degree of corporate governance, consistent growth patterns, future growth prospects and yield financial excellence. The deployment of funds is conducted in a staggered manner, equipping us to outperform the Index and deliver outstanding returns.

TESTIMONIALS

"I have been with Green Portfolio now for two years. The service he and his small team provides has been very personal. The reassurance in words and lucrative returns, especially during these crazy times have strengthened my trust in them. The peace of mind, knowing that my money is well managed is priceless. Thank you, Anuj!"

- Dr Deepankar Sharma, USA

"Really satisfied with the performance. Moreover, the research reports from your team have really enabled me to make informed investment decisions"

- SN Agarwal, India
